

March 17~18, 2018

SS Global Study Trip in the UK(Day7~8y)

《Today's plan》

1. Going to Heathrow Airport by bus
2. Return to Japan / Team closing ceremony

《Activity Report》

I finished all the training in the UK. Looking back, it was a week when I learned a variety of things. All 24 students were able to return to Japan safely without major injury and illness.

Through this UK training, we learned a lot about the UK. We experienced a lot of things that we could do only through this SSH project. We appreciated being given such a wonderful opportunity and from now on we want to study hard.
